# 1

# IMPORTANT
# SAFETY
# INSTRUCTIONS

**2h** Settle the appliance for at least 2 hours before plugging in.

# WARNING

WHEN USING ELECTRICAL APPLIANCES, BASIC PRECAUTIONS SHOULD ALWAYS BE FOLLOWED TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, AND INJURY TO PERSONS, INCLUDING THE FOLLOWING:

## INTENDED USE

· This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by person responsible for their safety.

· Close supervision is necessary when any appliance is used by or near children. Children should be supervised to ensure that they do not play with the appliance. Cleaning and user maintenance shall not be done by children unless they are older than 8 and supervised.

· Use the appliance only for intended household purposes as described in this User Manual. Any other use is not recommended that may cause fire, electric shock, or injury to persons.

## ELECTRICITY SAFETY

· This appliance must be provided with correct voltage via a professionally installed power socket. Make sure the voltage indicated on the label of the appliance is the same as your local supply.

· **DO NOT** operate the appliance if the plug, the main cord or the appliance itself is damaged. Always make sure that the plug is inserted properly into a wall outlet.

· **DO NOT** use an extension cord with this unit.

## RELATED TO USE

· Always make sure to place the Ice Maker on a flat, level surface before operation.

· **DO NOT** let cord hang over edge of table or counter, or touch hot surfaces.

· **DO NOT** use any other liquid to make ice other than water.

· **DO NOT** use mechanical devices to defrost.

· **DO NOT** attempt to disassemble, repair, modify or replace any part any part of your product. All servicing should be performed by qualified personnel only.

· **DO NOT** tip the appliance over. If it is stored tipped over, please set upright for at least 2 hours before plugging it in.

· Always unplug the appliance before cleaning, making any repairs or servicing, or whenever not in use.

· If the appliance is stored in a cold environment, wait at least 3 hours for the appliance to warm to room temperature before plugging it in.

**FOR HOUSEHOLD USE ONLY**
## READ AND SAVE THESE INSTRUCTIONS

### HAVE YOUR ICE MAKER CHECKED REGULARLY FOR ANY SIGN OF MALFUNCTION!

**Check if Plug, cord or appliance is damaged**
Stop using, check FAQ and contact TaoTronics Support Team.
